*Maya Angelou says : people will forget what you said, people will forget what you did, but people will never forget how you made them feel.*

Have always believed that humans are different, how can we all have same the development needs or motivations. Everyone at any point in time has potential : **to grow and enhance themselves.**

**We all need someone to show us a mirror that presents an unbiased view.**

As a professional I have over 25 years of experience in Retail banking and then in running my L&D enterprise - Tvameva, a Sanskrit, word that means "only you".

We started our company with a philosophy anchored around the need for uniqueness in learning. Hence we only offer customized unique learning solutions for our clients, rather than cookie cutter training solutions and don't subscribe to a one size fits all approach. This has served me as a Corporate Trainer and I apply this in my coaching practice as well.

Having worked last 8 years in a diverse place like Hong Kong **has helped in my ability to bring in nuances of cultures in my coaching engagements.**

As your coach, you will be centre of the coaching intervention that will be customized for you.

Studying human behaviour has always inspired me and I am a professional practitioner of :

**Business Storytelling, DISC profile, Neuro Linguistic Programming, Ontological Coaching, Transaction Analysis, Member HBR Advisory Council, Positive Quotient, Silva Brain Work practitioner and a Professional ICF Coach.**

With an empathetic ear and a structured process you can move from being stuck to unstuck in your professional or personal

life. All of this in an environment which is safe, secure and non-judgemental.

## Client Testimonial :

My session with Arunanjali gave me immense clarity on what actions I needed to take to achieve a particular goal I was discussing with her. What helped me greatly was Arunanjali's gentle yet persistent way of asking questions, till I realized that the answers to my questions lay within me.

Arunanjali has been a phenomenal coach to me. Her sessions helped me find solutions to the barriers I had built up. The best part about the sessions was that through her talks and presentations she helped me to find the answers myself which motivated and inspired me to realize my potential. I thank her whole heartedly for her coaching.
